Change of baton: Dr Cem Kurutas becomes new CEO of ArcelorMittal Duisburg

Duisburg, 30 August 2023 - A change of baton at ArcelorMittal in Duisburg: Dr Cem Kurutas will take over as the new CEO of ArcelorMittal's Duisburg plant from 1 January 2024. Dr Kurutas replaces Paul Tetteroo, who, after nine years at the helm of the Duisburg plant, will take up a new role for ArcelorMittal in Luxembourg on 1 September 2023. Until the end of the year, Dr Uwe Braun, Managing Director of the Duisburg plant and CEO of the Hamburg ArcelorMittal plant, will also head the Duisburg site.

Dr Cem Kurutas: "The post at ArcelorMittal Duisburg comes at an exciting time. I look forward to setting the course for the future of the plant with my colleagues in Duisburg and the group."

Dr Kurutas began his professional career in 2007 and has since worked in various companies. Most recently, he was Vice President Operations at Outokumpu Nirosta in Germany.

About ArcelorMittal

Germany

With a production volume of around 8 million tonnes of crude steel, ArcelorMittal is one of the largest steel manufacturers in Germany. The automotive, construction and packaging industries are among its customers, as is the household goods sector. The company operates four large production sites in Germany. These include two integrated flat steel mills in Bremen and Eisenhüttenstadt and two long steel mills in Hamburg and Duisburg. In addition, the Group operates ArcelorMittal Construction in Sandersdorf/Brehna, a production site with sales for sandwich panels as well as profiling facilities for

cassette, trapezoidal, support, design and corrugated profiles. In addition, the Group has a strong distribution network in Germany with four steel service centres and ten steel trading locations. ArcelorMittal operates a pipe mill in Altensteig. The group employs about 9,100 people in Germany.

Worldwide

ArcelorMittal is the world's leading steel and mining company with a presence in 60 countries and primary steelmaking facilities in 16 countries. In 2022, ArcelorMittal had revenues of \$79.8 billion and crude steel production of 59 million tonnes, while iron ore production reached 45.3 million tonnes. Our goal is to produce ever smarter steels that have positive benefits for people and planet. Steels that are produced with innovative processes that use less energy, emit significantly less carbon and reduce costs. Steels that are cleaner, stronger and reusable. Steels for electric vehicles and renewable energy infrastructure that will support society as it moves through the new century. With steel at our core, our inventive people and an entrepreneurial culture at our heart, we will help the world make this transformation. This is what it takes to be the steel company of the future. ArcelorMittal is listed on the New York (MT), Amsterdam (MT), Paris (MT), Luxembourg (MT) and Spanish stock exchanges of Barcelona, Bilbao, Madrid and Valencia (MTS).
